|  <p>A technical line drawing of a check chain assembly. It features a central cylindrical component with a threaded section, connected to a bracket on the left and a hook on the right. The bracket has two vertical pins and two horizontal slots. The hook is a U-shaped link with two eyes. Two small arrows point to the bottom of the bracket.</p> | <p>Check Chain Assembly Massey-Ferguson</p> | <p>Old No. F1661406</p> <p>New No. F1869332M1</p> |
